ADDITIONAL NOTES/PHOTOS TO HELP THE NEW ADOPTIVE FAMILY

Lilly is a very good dog. She was a bit nervous the first day or two, but fit right into the pack afterwards. She can be silly and playful, and gives kisses in the morning when we get up. She will put her head in your lap to get scratches and loves ear rubs. She is very willing to learn and is very sad when she has to be reprimanded

for doing something wrong(which doesn't happen too often). She just melts into the rug. Lilly just loves her walks, or going anywhere in the car. She usually stands up to look out the window and to see where she is going. Lily is an all around good hound, very steady dog. Her foster family will very much miss and and will make sure she gest the very best home possible! She tested cat iffy so would need to meet and smaller dogs and cats first before knowing if she is tolerant of them or not.
