## HOUSE MANNERS

Plays well with others(children, small dogs, cats etc.): Yes to all. He is extremely careful and gentle with our 3 and 5 year old children, even more so then our own greyhound!

Potty habits(how asks to go out, any problems, times etc): No problems. Twister has been great about going outside, we had two issues where he lifted his leg on a couple of objects we believe that to be more of a dominate thing possible aimed toward our other greyhound. We busted him in the act and have not had any problems since.

Obeys house rules(furniture, garbage, doors, counters, etc.): Yes to all. He has never even tried. Definitely has obeyed these rules without us personally enforcing them. We did have to enforce "no jumping on doors" to come inside and he obeyed this rule quickly, and has not done it since.

## SLEEPING HABITS

Bedtime/wakeup time: 9pm/9am

Crated(when, how long, feelings about crate): Twister is only crated when everyone has left the house. Usually about 10 hours a week. He is comfortable with it.

Where sleeps at night: sleeps on a dog bed in our bedroom with our other greyhound.

Where has the dog been living during the day? He has free roam of the house while we are home and crated when no one is home.

## ADDITIONAL NOTES/PHOTOS TO HELP THE NEW ADOPTIVE FAMILY

We recently had a birthday party at our home with 19 people of different ages (3-70) and Twister greeted everyone that entered our home and was a complete gentlemen. He acted like he does in a normal day. We were very impressed with his behavior. He is very gentle with our young children and very loving. If we did not want to continue fostering for AFGWM Twister would find his forever home here with us. He has touched all of our hearts greatly, as we are sure he will with you too.
